Editor of 'Opportunity' Visits Mirror

States Mirror Has a Fine Townsite and a Bright Future -- Mirror Beach An Ideal Location

One of the visitors to Mirror last week was Jewett E. Ricker, editor of "Opportunity," a magazine published in Chicago, with a circulation of a quarter of a million scattered throughout the civilized world. The magazine is devoted to the assisting of parties looking for openings in all lines of business, trades, etc. Mr. Ricker is making this trip through Western Canada getting material for a series of stories for the June number of "Opportunity," and also investigating the possibilities of new towns in the West, especially on the G. T. P.

In conversation with Mr. Ricker, he said: "I have just paid a visit to Edson, and that town is making great strides in growth and development, and I cannot see any reason why Mirror should not be even a better town than Edson. This is an excellent town site, one of the finest I have seen in the West. It is located in the centre of Alberta, where mixed farming is established, and there are several other things in its favor whereby Mirror will reap a

benefit. I am confident that Mirror will develop into one of the most thriving towns in Central Alberta, but this will take a little time, but nevertheless is an assured fact."

"The Mirror Beach is an ideal spot for a summer resort. The shore line of Buffalo Lake is similar to that of Lake Minnetonka, near Minneapolis, and which is one of the finest resorts in the States."

"The weather up here is a pleasant surprise to me," said Mr. Ricker. "I came here prepared for Arctic weather and the people back in Illinois will hardly believe me when I go home and give them an account of the perfect weather, which I have experienced while making this trip."

In the June number of "Opportunity" there will appear a full page advertisement devoted exclusively to Mirror, and this should be the means of interesting a large number of prospective merchants and home-seekers.

MEMORIAL SERVICE HELD.

Memorial services were held in Montreal this (Thursday) morning at 11:30, in honor of the late Charles M. Hays, President of the Grand Trunk Pacific railway. This was 10:30 central and 9:30 mountain time and for 5 minutes from that time all wheels on the G. T. P. ceased turning while the employees done honor to their late chief. The general offices of the company were closed all day on Thursday.

Investors!

WIRE me your CASH offer for Lot 19, in Block 24, in the original Townsite of Mirror. Must dispose of this at once.

News From the Town and District

A dance will be given by the Merry Mirror Minstrel Company on Friday evening, Apr. 20, in the new store of Ezra Witte's, Gilman street. The Woodmen orchestra supply the music.

H. J. Goater, secretary-treasurer of the Lamerton school district is a very busy man just now. Over 1200 assessment notices have been sent out and this number will be followed by tax notices, reminders, &c. The property holders are scattered all over this continent, England, Mexico and Bermuda.

Play Ball! Don't forget the base ball meeting in Suggett's Drug Store, on Friday evening, April 20th, at 8 o'clock, sharp.

Jas Setter is running the feed stable at Lamerton.

W. F. Puffer, M. P. P., was in Mirror last Friday, on his way to the ranch five miles north of here.

Jno. Mackie is busy in the district buying hogs this week.

Alex. Mather, of Altx, was a visitor in town on Tuesday afternoon, accompanied by S. A. Covert, from Pennsylvania, who is looking over Alberta property.

Service was held in the Methodist Church here last Sunday morning.

A birthday party was given by Ed. Buslow on Tuesday evening last in honor of his sister, Miss Alps. A very enjoyable time was spent.

Edward Maurer was a business visitor in Calgary on Monday and Tuesday.

Mr. Parker, license inspector, was in town the forepart of this week, on business relative to the application for an hotel license for Mirror.

A special meeting of the Lamerton School Board will be held on Friday evening, April 20, in the school house. The meeting begins at 8 o'clock.

On Sunday afternoon quite a serious prairie fire started north east of the town, and the "volunteer" fire department were called out to subdue the flames. The fire burned all afternoon and part of the night. A number of the farmers living south of town, assisted by the neighbors, saved their premises by plowing a fire guard in the nick of time.

Andy Rae has removed from Lamerton to his farm.

G. E. Rice, of Bashaw, was in town for a few minutes last week. He was making the trip from Bashaw to Altx by auto.

The Mirror hockey club finished up the year's business on Tuesday evening, the games showing a deficit of \$6.15. This debt was settled by the members of the Executive donating an equal amount.

A good road is a friend of the farmer. A mile of good road in his community is a bright spot in his life. It is an aid of education, religion and all things that help make the farm home life better.

C. T. Bowering, north of Mirror, lost his house and furniture in a prairie fire one day last week.

W. D. Cook who had the contract for moving Jas. Steers' house from Robert street to a lot on Gilman ave. has had con-

siderable trouble owing to earth being so soft. The building was raised and placed on trucks and on Saturday evening sixteen horses were hitched to it, and with the assistance of about thirty men and boys of all sizes and ages, the trip from Francis ave. to Gilman ave. was made at about a mile a minute—or less.

Mackie & Packer, of Altx, opened a new meat market in Mirror, Monday last, on Lake street. The proprietors are experienced men and their business in Mirror will no doubt be a successful one.

W. D. Christie who has been managing the Union Bank at Altx for the past six months, has been transferred to Cowley, Alta.

Word has been received that T. G. Cook, of Wainwright, was slightly injured while attempting to jump from a fast moving automobile. Mr. Cook is confined to his bed but expects to be around in the course of few days.

Some talk of a tennis club being formed in town.

The new store of Ezra Witte's is being rushed to completion as fast as possible. Mr. Witte expects to open in the course of a week or so, and exact date will be announced through the columns of THE JOURNAL.

A. H. Halpeny, of Peterborough, Ont., arrived on Thursday and will relieve Chas. A. Wilson as teller in the Bank of Toronto here. Charlie has resigned his position in the bank and will go into the undertaking and furniture business in Coronation! His many friends here will wish him all kinds of success.

Base Ball Meeting, tomorrow (Friday) evening at 8 o'clock; Suggett's Drug Store.

Several parties from Portland, Oregon, arrived in town last week and have located.

An auction sale of bulls takes place at Lacombe, on Wednesday, May 29, under the auspices of the Alberta Cattle Breeders' Association and the Alberta Department of Agriculture.

H. L. Watchorn, formerly of Altx has started a goods furnishing store in Coronation.

FAMINE RELIEF.

China is not only suffering from political revolution but is being afflicted by famine. By some this is considered a unique opportunity to show practically our good will to the new Chinese nation in the time of their sorest need. Scattered contributions have already been sent in and the United States has refunded a part of the Boxer indemnity. Now comes the formation of the "Canadian National Fund—Chinese Famine relief," to give information on the situation and through whom any municipality, board of trade or other body or individual may send aid. The treasurer is Joseph Henderson, vice-president of the Bank of Toronto, through which bank and its branches contributions may be sent.

Facts about the Chinese famine: Area of affected districts, thirty to fifty thousand square miles. Number of people who may meet death by starvation, before next harvest, two to four million. In some districts the famine is the worst in forty years. \$1.00 will provide for one for one month; \$3.00 may save a life; \$15.00 may save a family from starvation.

UNITED STATES IMMIGRATION

Recent press reports indicate that some of the United States authorities are very much exercised over the flow of farmers and others from there into Western Canada. Advertisers so far as to state the government of the Republic is urged to take steps to stop wholesale emigration from there to the fertile fields north of the border. Speaker Clark, of the United States house of representatives, dealing with the matter the other day, said that one day in his county recently forty-three families loaded up an entire train with settlers' effects, chartered the train and pulled out for Alberta. There was not a man who was not well to do. He said that a man in his district sold his farm for \$40,000, moved to Manitoba, and purchased ten thousand acres of land. The story goes that he gave one thousand acres to each of his eight children, keeping two thousand acres for himself.

Statesmen like Champ Clark

and others might be reminded that while we are getting many settlers from the States who were born there, and their fathers were born there, a great many of the immigrants to Canada are either Canadian-born or descendants of Canadian-born. If for that is fair play, and if we are getting thousands of United States farmers in western Canada, there was a day when the tide went the other way, and the Dominion is only reeling back her own. We have not seen any statistics on the matter, but a few years ago it was estimated that there were about two million Canadians and Canadian children in the Republic. Take a broad view of the situation. Mr. Clark!—Communal.

STADY PAY FOR FARMER

The importation of milk and cream into Manitoba from across the United States line is another strong argument in favor of mixed farming, and particularly dairying.

The scarcity of milk in Winnipeg has necessitated the sending to the United States dairymen for needed supplies, and they have been receiving 1000 to 1000 pounds of cream daily, besides large shipments of milk. The Winnipeg dairies are even now employing buyers to travel the country and purchase supplies for cash.

A similar condition exists about Edmonton, Calgary and Lethbridge, as well as other cities in Alberta, and the milk problem will become a serious one in time unless more farmers go into dairying.

The attention of the farmers of Western Canada is being called to the positive necessity for mixed farming by the International Hay Farming Congress at Lethbridge, October 21-29, one of the features will be addresses and discussions on mixed farming by some of the ablest and most far-sighted railroad magnates and agricultural experts.

The grain farmer only gets a pay day once a year—and some years the paymaster doesn't come around at all—while a dairy is a constant source of revenue. Whenever there's a crop failure the prospects, with a long, severe winter ahead, are generally dubious, but the farmer who has a few cows and other live stock doesn't have to worry—he's on a steady payroll.

TRAINING FOR TEACHERS

A six weeks' course in Physical and Military Training for Teachers will be given in Calgary this year beginning with the first week of July.

In order that the teachers will have the opportunity of observing Cadet Corps in training the cadets of the districts will also go into camp for a few days during the first week of the Teachers' Course.

The teachers will receive pay at the rate of \$1.00 per day and in addition will receive rations at the regular rate and quantity as is supplied to the troops under canvas. Formerly a subsistence allowance of \$1.00 per day was given, but this year the rations will be allowed in lieu of the monetary allowance. The usual blankets will be provided but it will be optional with the teachers to provide coats for themselves.

As the number is strictly limited to fifty teachers, those desirous of taking advantage of the course should forward their applications immediately, either to Col. E. A. Cruikshank, District Officer Commanding at Calgary, or to D. S. MacKenzie, Deputy Minister of Education, Edmonton.

ENORMOUS LOSS TO ENGLAND

The recent coal miners' strike in England has been a big financial loss to the Old Country. A prominent financial writer estimates that the miners lost \$40,000,000 in wages and savings. Through the fact of there being no coal production other industrial workers who were thrown out of employment lost another \$40,000,000, while \$100,000,000 was lost because of the non-production of coal and the loss thus caused by the suspension of other industries, making a grand total of \$180,000,000.

There's nothing nobler to exercise than self-sacrifice, so everybody is generous enough to let somebody else exercise it.

Now that the first straw hat has appeared, it is time for the first strawberry.

Not much of a compliment to the lady was that press report of a wedding which stated that

the bridegroom was a well-known collector of antiques.

Pater: Tommy, bring me the foot warmer.

Tommy: Ma, dad want's you.

A car load of colored gents from the south were stopped at the boundary at Emerson and detained for further instructions and medical inspection. The whole bunch were ordered back from whence they came—Oklahoma.

Officials of the immigration branch say that the total American emigration to western Canada will exceed last year's figures by about 40,000. By the time the season closes it is expected that fully 175,000 will have entered the Dominion. On the other hand, owing to the coal strike and other causes, there is a falling off in the arrivals from the British Isles.
